Flag Rites Planned At County WPA Camp

Plans for Americanization Day ceremonies at Camp San Mateo, Loma Mar, on Sunday, Jan. 5, have been approved by the 26th district of the American Legion.

Percy Cavanaugh of San Mateo, in charge of Americanism activities of the legion, will represent the organization as honorary chairman of the day.

The 220 men of the WPA organization in Camp San Mateo have contributed toward the purchase of an American flag which will be raised during the ceremonies. Receiving the flag for the WPA will be members of Pescadero Troop, Boy Scouts, who will also retain custody of the banner, raising it daily. In the scouts' color guard are eight Japanese boys, natives of Pescadero.

Delegates of citizens from all Coastside communities are expected to attend the rites. Actively aiding are Native Sons and Daughters of the Golden West of Half Moon Bay, Pescadero, and La Honda; Pescadero Chamber of Commerce; IDES Portuguese organization of Pescadero; ministers, and school students. The reception committee of the WPA at Camp San Mateo includes W. T. Haley, chairman; Archie Evans, Roy Hughes, Phil Moloney, Tom O'Leary, Jack Schaffer, Mike Ligos, Albert Butler, Joe Watson, George Fleming and Salvatore Litigio.

At the legion meeting Friday night it was decided to investigate feasibility of establishing a San Mateo County American Legion Summer Camp for youngsters at Memorial Park. Named as a committee to in-

Golden Voices Joined for 7th Time

Described as the outstanding musical treat of the year, "Bitter Sweet," filmation of the famous Noel Coward operetta, comes to the Sequoia Theater for an engagement of three days, with Jeanette MacDonald and Nelson Eddy joining their voices for the seventh time in the lilting story of a belle of the Gay Nineties who elopes with her singing teacher on the eve of her marriage to another man. Filmed in Technicolor under the direction of W. S. Van Dyke II, responsible for many of the previous MacDonald-Eddy successes, the picture's cast also includes George Sanders, Ian Hunter, Felix Bressart, Edward Ashley, Lynne Carter, Diana Lewis and Curt Bois.

Goodwill Industries Pleads for Help

For the past six years, Goodwill Industries of San Francisco has maintained a splendid record of employing an increasing number of handicapped men. Every month or so, a man crippled by paralysis, an elderly lady with a weak heart, a young man with an artificial leg, or some other disabled person would be given steady work and a means of supporting himself.

This record of increasing employment was possible because the housewives of San Francisco, San Mateo, and Marin counties were saving discarded furniture, household ware, clothing and toys, and sending them to Goodwill Industries, where they were repaired and sold. Money from the sales went to make up the pay envelopes of the workers.

Within the past few months that record has been broken. Goodwill is getting fewer clothing contributions: It is receiving less than half the number of dresses it used to get. Handicapped people are being laid off, and needy customers come back again and again, looking for clothing that is not there.

People are urged to fill a bag of clothing, especially dresses, for Goodwill Industries. Telephone Douglas 0779 or drop a card to 986 Howard St., San Francisco, for a Goodwill truck to pick up the contribution. The

Inflation Originally Egyptian, Club Is Told

Inflation, current today in the expanding economic program, first occurred in Egypt during the building of pyramids when the government paid stone artisans in coin good for gold "if gold ever was found."

This assertion was made by James P. Hagan at a meeting of the Toastmasters Club Monday night.

John Brand urged an amendment to Sen. Hiram Johnson's amendment designed to save this nation from foreign entanglements. Brand said this nation should give all aid short of war to Britain and foes of totalitarianism.

Martin W. Levy proposed the old federal land grant act for railroads be altered so that all lines today would be on an equal operating basis.

D. Connor spoke briefly on a club speaking contest. R. Coffman presided.

PENINSULANS PASS TESTS

Ludwig Selzer of Palo Alto and Rodger S. Dille of San Mateo were among 63 who passed examinations given in October by the State Board of Medical Examiners.

Truck will be in San Mateo County on Tuesdays and Thursdays.

Ellis Patterson Signs Last Two Bills

SACRAMENTO (AP)—Acting Gov. Ellis E. Patterson yesterday signed into law a bill creating a state guard and a measure authorizing the use of a \$1,000,000 relief revolving fund to finance stamp plan distribution of surplus commodities.

There were the only two measures passed by the last special session of the state legislature which Governor Olson failed to sign before he left for Wash-

20-30 Club Planning Party at Theater

Redwood City 20-30 Club will hold its first theater party Dec. 20.

Club officers today reserved 40 seats in the Sequoia Theater for that night as a result of action taken during a club meeting last evening in Cafe de Paris.

The organization is planning special entertainment New Year's Eve, Fred Silvey, last night's chairman, reported.

Mosquito-Carried Disease Studied

Measures to cope with equine encephalomyelitis—a disease believed to be mosquito-borne—will be considered at the 11th annual conference of California Mosquito Abatement Officials on Monday at the University of California.

T. Frank Gainer of Redwood City, superintendent of the Pulgas Mosquito Abatement District, has been invited to attend. Equine encephalomyelitis, a brain fever which since 1930 has killed thousands of horses and mules in the western states, has recently been found to be contracted by humans. Records of the State Department of Public Health list 219 human cases of the disease with 59 deaths in California during the first 10 months of 1940. Three cases are reported from San Mateo County for the 10-month period.

Several species of mosquitoes will transmit equine encephalomyelitis under laboratory conditions, but proof has not yet been obtained that the insects actually act as carriers of the disease in the open.

Investigate were Alva Shafer of San Bruno, C. W. Herrmann, Col. B. La Crosse, R. S. Vreeland and Percy Cavanaugh.

Tallulah Bankhead Coming to S. F.

Tallulah Bankhead, actress daughter of the late Speaker of the House William Bankhead, comes to the Curran Theater, San Francisco, for two weeks beginning Monday, Dec. 23, in the Lillian Hellman play, "The Little Foxes," which ran for one year at the National Theater, New York, before embarking on its present two-season transcontinental tour. Matinees will be presented on Thursday and Saturday, and there will be a New Year's Eve performance.

Critics and audiences throughout the nation have agreed that in the role of Regina Giddens, central character of Miss Hellman's drama, Miss Bankhead gives the outstanding performance of her remarkable career.

Life magazine said: "An astrologer told Tallulah Bankhead in 1923 to go to England. And since this glamorous, golden-haired daughter of a U. S. congressman from Alabama had acted five years on the New York stage with only indifferent success, she packed up her bags and went. In England she became overnight a phenomenal success. Her pathetic waitress in 'They Knew What They Wanted' put all London at her feet. Queues waited 36 hours outside the gallery doors to see her. Police cordons guarded her from worshippers.

"But eight years ago Tallulah Bankhead, tired of England, packed her bags and came home. Two years in Hollywood were unsatisfactory. A half-dozen plays in New York were more or less flops.

"But now, in Lillian Hellman's 'The Little Foxes,' she fills for the first time, a role carved big and fierce enough for her talent. Against the cold, steely force of the year's strongest play, the glitter of her acting lights up a whole era of U. S. history."

Frank Conroy, veteran actor, heads a supporting cast which includes Charles Dingle, Carl Benton Reid, Lee Baker, Marie

Legion Post Changes Meeting Dates

Meeting days of Redwood City Post 105, American Legion, will be the second and fourth Wednesdays of each month, instead of Mondays, as the result of final action taken on Monday by the post. Purpose of the change is to have the meetings occur at the same time as the Ladies Auxiliary. It is planned to have one monthly joint social affair after the separate meetings.

It was announced that at the Friday night meeting in the city hall at 8 o'clock, called by the Legion to discuss formation of a home defense unit, district and department chairmen of national defense would attend to explain what could be done.

All men's organizations are urged to send representatives to the meeting.

An absorbent carbon, suitable for medicinal use and water purification, has been produced from cotton seed hulls.

MENLO PARK NEWS NOTES

MENLO PARK—The fire department was called out Monday to extinguish a grass fire on Cambridge Dr. The following day the department was called to 855 Partridge Ave. to put out a blaze in a dwelling. Considerable damage was done before the arrival of the engine and truck. A defective flue was the cause of the fire. The loss will total \$500.

The Short-Moffett wedding at the Church of the Nativity Saturday afternoon drew several hundred socialites from San Mateo, Burlingame, Atherton and San Francisco. The edifice was packed when the pretty bride, Nancy Short, and Jackson Moffett marched down the aisle to be met at the altar by Rev. Thomas McKeon, who performed the brief ceremony.

After the wedding, 700 guests congratulated the bride and groom at the home of Mr. and Mrs. Moffett, not far from the church. More than 50 cases of champagne were consumed at the buffet luncheon. Mr. and Mrs. Moffett, after a honeymoon in New York, will make their home in San Francisco.

Among the ushers at the church were John Kennedy, son of Joseph P. Kennedy, ambassador to London, and young William Randolph Hearst.

The new grocery store that was to have opened on Santa Cruz Ave. this month will not start until after the first of the year.

The influenza that raged in town last week, causing many to be confined to their homes, has subsided and but few new cases were reported this week. The local physicians say the epidemic is over.

Of the 111 eligibles for draft service for the U. S. Army from Menlo Park, 50 have been selected to be in readiness for call during the next three months. Nearly all the young men are anxious to go to camp.

Monday, Dec. 9, a baby boy was born to Mr. and Mrs. Don Ryan at the Palo Alto Hospital. The little boy tipped the scales at 10 pounds. The youngster has a three-year-old sister.

The duck season closes Saturday at 4:30 p.m. Sportsmen all agree that it was a splendid season, nearly all hunters securing the bag limit. Joe McLaughlin returned from the Willow Creek Gun Club properties with the limit for two days' shooting. He also secured the full quota for geese. McLaughlin reports fine

Lot Division Is Approved

Redwood City Council will be asked next week to draft an ordinance complying with the zoning and setback map approved by the planning commission Tuesday night.

The new map includes South Redwood, not previously zoned, and the port area and provides greater depth for business district lots on El Camino Real.

"Widening of El Camino Real has cut 27 feet from these lots," explained C. L. Dimmitt, commission secretary. "This loss is overcome by increasing depth of lots."

Application of the Greer Realty Co., San Francisco, made through its representative, Ludwig E. Werder, for redividing lots 37 and 38, block 8, Harrison Ave. and Iris St., Central Park, was approved tentatively.

In the division, the commission approved a suggestion for having the corner lot 70x83.12 feet, the inside lot 60x83.12 feet, the corner structure to front on Harrison and set back 25 feet from Iris.

Werder is to submit plans for houses to be erected, accompanied by building permits, at the next commission meeting Jan. 13.

Mary V. Banta, 334 Brewster Ave., seeking a permit to operate a convalescent home at that address, was asked to read the deed from the original owner, Redwood Highlands Co., prohibiting such an institution in that area.

Charles McDonald's request to erect a Mohawk Oil Co. station at El Camino Real and Vera Ave. was approved.

Proposed subdivision of the 500-foot wide and 4300-foot long Harry Friend tract on the east side of Bayshore Hwy. between the city limits and Belle Haven was approved tentatively. The tract annexation is covered by an ordinance drafted by the council Nov. 8 and effective Dec. 19.

The commission secretary was authorized to write the land department of the Southern Pacific Railroad to ascertain a definite price for "Butcher Field," Redwood City Commuters Club has urged purchase of the 6 1/2-acre site for \$55,000 as a future playground.

A letter from the park and recreation commission originally presented to the council and outlining a long range playground development program was read. No action was taken.

County Employees Name Garland on Group

John J. Garland, San Mateo County milk inspector, Tuesday was named by the board of directors and the civil service committee of the County Employees' Association to represent the group on the board of supervisors' countywide civil service study committee to formulate a merit plan for the county.

Garland has been treasurer of the employees' association and for the past year has served as chairman of the organization's own civil service study committee.

'Rangers of Fortune' Screen Epic

The two people, above, who seem to like each other's smiles are Patricia Morison and Fred MacMurray. You'll follow their romance in "Rangers of Fortune," an epic sized Western which opens Sunday at the Redwood Theater on a double bill program with "Dr. Kildare Goes Home."

Menlo Park's Yule Party Due Dec. 16

MENLO PARK—With a tall Christmas tree to be erected on Santa Cruz Ave. this week, the Menlo Park Chamber of Commerce will hold its third annual community Christmas party Dec. 16.

The tree will be decorated by the fire department. At the Christmas party Santa Claus will again arrive with his team of Alaskan husky dogs and will distribute candy, nuts and fruit to children.

Mrs. Robert C. Padley is organizing a chorus of children who will sing. Other details of the program will be completed this week.

Manager Appointed For New S. C. Theater

Howard Moody has been appointed manager of the \$100,000 Fox-West Coast Carlos Theater, which will open in San Carlos Jan. 4.

Moody moved to San Carlos this week after seven years in show business. He served three years in various capacities with the Pacific Theater and the last four as treasurer of the Fox, both in San Francisco.

Before entering show business, Moody was a purser employed by the International Mercantile Marine Co. on vessels operating between London, New York and San Francisco.

Approximately 2,000,000 farms are operated in the Philippines.

100 Attend Get Together

More than 100 Peninsula commuters held their first annual joint "get acquainted" meeting at Veneto's Cafe in San Francisco Tuesday.

Capt. Albert S. Munn of the San Francisco Police Department, speaking for Chief Charles Dullea, who was unable to attend, promised the commuters "every co-operation" in securing their objectives, but warned them that since only about 20 per cent of the money spent in San Francisco comes from suburban residents, "our own people come first."

Captain Munn added, however, that his department was working on a plan to provide better parking facilities in downtown San Francisco to afford better convenience to shoppers. He said efforts were being made to discourage store and office employees from parking their cars on downtown streets, thereby leaving the spaces for people arriving in the shopping area to do business.

San Mateo County's "official family," headed by Hugh H. Smith, chairman of the board of supervisors, and County Executive Frederick Peterson, was represented. Also in attendance were several San Francisco officials. Mayor Angelo Rossi, however, wired the group that he was unable to attend because of the pressure of business on his recent return from Washington. Also in attendance was City

Mrs. McNulty Passes Away

Mrs. Julia Mary McNulty, mother of City Councilman George W. McNulty of Redwood City, Fred A. McNulty of San Bruno, and four other children, died Tuesday from the effects in an automobile accident at San Bruno.

Mrs. McNulty, who was born Oct. 31, 1863, in a house in the Emerald Lake Hills near where the giant cross now stands, had lived in Redwood City and other Peninsula towns all her life until the death of her husband Dec. 7, 1910, when she moved to San Francisco. There she made her home at 3607 23rd St., with one of her daughters, Mrs. Minnie A. Colen, but often visited in Redwood City, where she was well-known by the "old-timers."

Her other children are Frank M. McNulty, Rose E. Wright, Fannie B. Holman and Edna G. Lockhart, all of San Francisco. She was riding with Mrs. Wright in San Bruno when the fatal accident occurred. Mrs. Wright's machine collided with another which turned across the street in front of her. Thrown forward in the car, Mrs. McNulty suffered a broken shoulder and shock.

Despite her age and the handicap of the effects of an old injury—a broken leg suffered three years ago—Mrs. McNulty had been active until the mishap last week.

Manager C. L. Dimmitt of Redwood City.

William Curran, chairman of the house committee of the Redwood City club, was toastmaster.

In recognition of the local club's work in organizing other clubs on the Peninsula, the Southern Pacific Co. and the Pacific Greyhound Lines presented the Redwood City club with large paintings. The bus company's gift, received by Wrex W. Cruse, president, was a picture of the latest type of streamlined bus, while the railroad firm's picture was of a modern streamlined train. It was received by Eugene Hoffman, chairman of the local club's transportation committee. J. W. Krug, Greyhound district superintendent, and Jack Welch of Redwood City, himself a commuter, and representative of the Southern Pacific Co., made the presentations.

Dr. La Berge Elected Head Of Exchange Club for 1941

Dr. Rollo O. La Berge of 229 Iris St., Redwood City dentist, and president of the local Toast-

DR. ROLLO O. LA BERGE

masters Club, will head the Exchange Club here for the coming year, as the result of his election Tuesday to succeed Kenneth L. Bowen, Tribune editor whose term expires at the end of 1940.

Elected first vice president to succeed Dr. La Berge was Albert J. Terremere Jr., Sequoia High School athletic coach, who has served for the past two years as secretary. He will be succeeded as secretary by Lloyd W. O'Donnell of San Carlos, purchasing agent for Bethlehem Steel Co. in South San Francisco.

Gerald V. Shields was elected treasurer, to succeed Emil G. Steinegger; Francis Tinney, second vice president; James C. Dodge, third vice president, and Dr. Stanton R. Burns, Leo E. Fuller, Alfred L. Robertson and Retiring President Bowen, members of the board of control.

Installation of officers will take place early in January at a Ladies Night to be arranged by a committee headed by Robertson and including also Dr. Burns, Dr. W. B. Langston, Clement R. Baume, and Floyd F. McCue.

The Exchange Club last night heard annual reports by the secretary, treasurer and president, and at its board of control meeting afterwards decided to renew its recommendation to

the city council that it again consider creation of a pedestrian underpass on El Camino Real at Sequoia High School, attempt to have placed in underground conduits the power lines along the highway when it is widened, and to preserve in some location the "Climate Best by Government Test" sign. T. N. Thompson acted as chairman of the evening.

NAMED TO STATE OFFICE

James A. Lee of San Mateo was named first vice president yesterday of the California Inheritance Tax Appraisers' Association which met in Long Beach. Henry Morrissey of Los Angeles was elected president.

Rainbow Girls Help Toystack By Contributions

Redwood City's Community Toystack grew in size considerably Tuesday when toys received as admission at the Rainbow Girls' dance Monday were contributed to the rapidly-growing pile.

Of a large variety—and new—the gifts presented by the Rainbow Girls gave considerable encouragement to Mrs. Wallace Moore, toystack co-ordinator, who was becoming concerned at the large list of names which have been voluntarily turned in of children who should participate in the distribution of the toys at Christmas time.

Particularly needed, as is the case each year, are toys or gifts for larger children. Articles that are in need of repair are acceptable, for the shop classes at Sequoia High School, equipped with paint purchased through generosity of one cash contributor, and with efficient tools, are able to do wonders with broken wheel goods, mechanical toys and other articles.

Contributions to the toystack may be left at the Tribune office or they will be called for if the Tribune (Redwood 2000) is telephoned.

City Changes Water Bill Payments

One-third of Redwood City's residents received water bills Wednesday under a system announced by City Manager C. L. Dimmitt.

"Because the city has grown to such an extent, one-third of the monthly water bills will be mailed each 10 days," Dimmitt explained.

Mailing all bills the first of the month, the custom heretofore, has become too great a task for employees in the city water department, Dimmitt said. The city has been divided into three districts under the new program.

One section has received bills up to Dec. 10. The respective levies were for the actual amount of water used or, if not above the monthly minimum allowance, one-third of that portion.

The second section will receive bills up to Dec. 20, the levies being for actual water used or two-thirds of the monthly minimum allowance, officials said.

The third and final allotment will be mailed at the end of the month.

"Persons receiving bills today who have paid November levies may be displeased momentarily, but they should realize, after this, bills will arrive a month apart," Dimmitt asserted.

Customary discounts will be allowed on bills paid within 15 days.

Garbage collection service for January is also billed customers with the present mailing, because the service is collected in advance to curtail losses from bad accounts.

W. H. Berg Estate Valued at \$219,601

William H. Berg of Hillsborough, late president of the Standard Oil Co. of California who died June 26, left an estate valued at \$219,601.29, according to an appraisal filed here in superior court by Bradford M. Melvin, inheritance tax appraiser.

Largest portion of the estate was in stocks, with \$108,386 listed as the value of 5939 shares of Standard Oil of California common. The widow, Mrs. Irene L. Berg, was given a \$2500 monthly allowance by the court when her husband's will was admitted to probate.

Show, Football, Party Occupy Lions Club

Three "previews" were enjoyed by the Lions Club at its last meeting.

Mrs. Lillian Wiehr presented several of her dance pupils in numbers that will be seen Friday night at the benefit show being given at McKinley School by the Wiehr-Robles studio.

Phil Bengston, football line coach at Stanford University, told of the preparations being made by the varsity for the Rose Bowl game against Nebraska, which he described as a worthy opponent.

Some idea of what the club members can expect at their Ladies Night Christmas Party next Wednesday evening was given.

Carl Britschgi, club president, presided.

NO FELONS IN DRAFT

Uncle Sam's army will have no part of persons convicted of felonies. W. H. Morrissey, county draft director, was so informed here in a letter from Governor Olson who explained that persons convicted of felonies should be placed in class 4F of the draft and not in class 1 at the present time.

Issue Wins, 465 to 65

SAN CARLOS—By a vote of nearly 7 to 1, San Carlos residents Tuesday passed an \$80,000 bond issue which will finance a six-room addition to the present school on Chestnut St., purchase of additional equipment and facilities for the school, and purchase of additional sites for future schools in the city.

The vote was 445 in favor of the bonds, and only 65 against. Total vote cast was approximately one-third of the registration.

A. L. Mewhirter, clerk of the school board, said that the board would meet next Monday to canvass the vote and to discuss issuance of the bonds and calling of bids for the proposed construction work. Other members of the board are Henry Jacopi, president, and T. F. Miller.

With more than 500 pupils in the elementary school at present, the expansion program is expected to provide a much-needed start on a long-range building program. Eventually, it is expected, the Chestnut St. school will house about 1000 pupils.

Fatal Accident Driver Is Held to Answer

Frank Morisoli, 53, Chualar rancher accused of negligent homicide, was held to answer to superior court Tuesday when he appeared for preliminary hearing before Judge E. J. Ryan, sitting for Judge E. I. McAuliffe, who is on vacation.

Morisoli, who is being held under \$1000 bail, is accused of negligence in the Oct. 29 accident on Middlefield Rd. in which Fred C. Mewes, 61, Redwood City real estate man, was fatally injured.

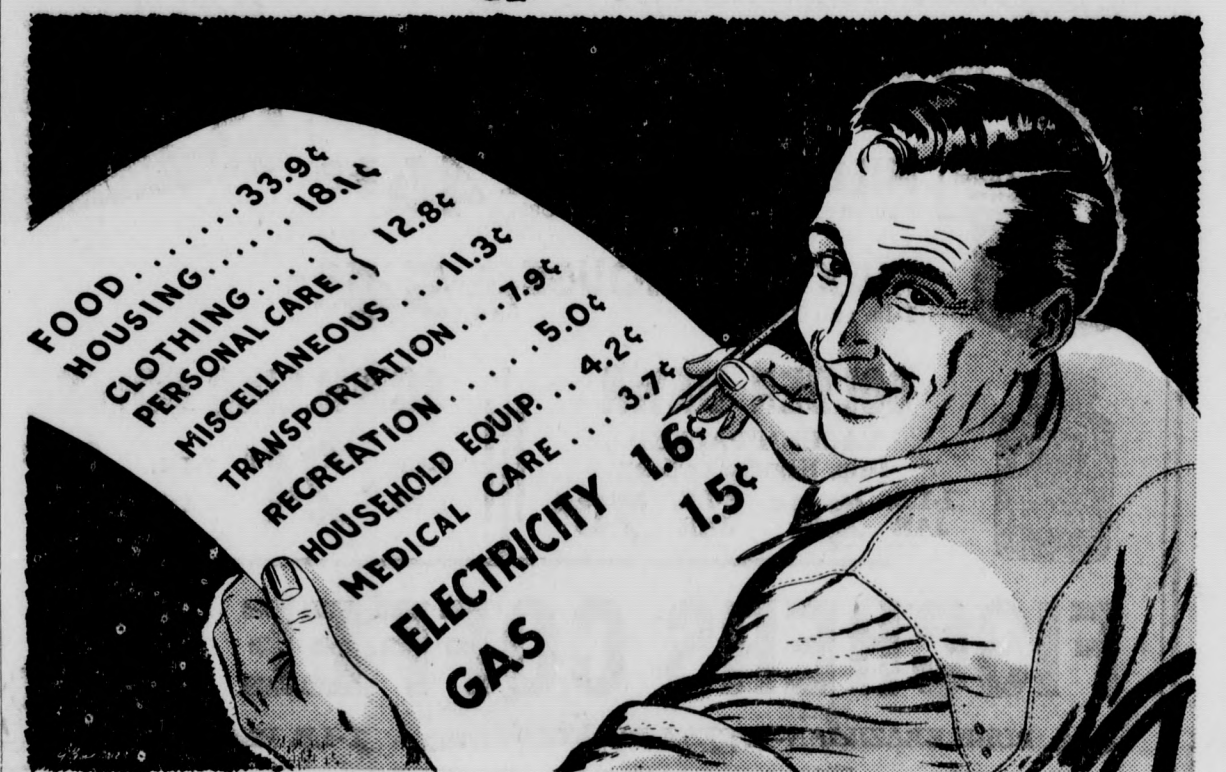

"Uncle Remus" was the pen name of Joel Chandler Harris.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Where the American wage earner's dollar goes*...

*The cost of living data above was taken from the U. S. Bureau of Labor Statistics survey of wage earner and low-salaried family disbursements covering the period 1935-1939 in the thirty-three major cities.

THE SMALLEST ITEMS in the family budget are GAS and ELECTRICITY

It is easy to take Gas and Electricity for granted in the home. Through every hour of the day as dependable as the rising sun gas and electric servants in the home are at work. Time, refrigeration, vacuum sweeping, cooking, automatic hot water, radio by the hour, light, heat, washing and ironing are some of the items of their services. Yes, their services are used easily and abundantly because they are so convenient and cheap. Look at this list, showing how the wage earner's dollar is disbursed every month. The smallest cost items, right at the bottom, are gas and electricity. That bottom position has been maintained for many years here in California. Your gas and electric rates, for example, have been cut lower and lower year after year. Since 1928, six cuts in the cost of electricity, and five cuts in the cost of gas. Are there any other items in your family budget that have been so constantly made cheaper during this period?

Four Divisions, Many Prizes in Contest

Redwood City Lions have completed plans for the tenth annual Outdoor Christmas Tree Contest.

Prizes ranging from a heater and lamp to \$10 cash are to be awarded, Dr. August J. Fromm, club contest chairman, said.

Awards are to be made in four divisions, including the best large outdoor Christmas tree, the best outdoor decoration of home, the best window decorations, the best small (six

feet or less) outdoor Christmas tree.

Originality, artistic effect and effort comprise the bases upon which winners will be chosen between Christmas and New Year's by a committee including Mayor Harold F. Anderson, City Manager Charles L. Dimmitt, Councilman William M. Werder, Tribune Editor Kenneth L. Bowen, and Dr. Fromm.

The Lions are donating \$15 and the city \$25 to the cash

awards. The PG&E is furnishing a heater and a lamp.

"Persons entering the best window decorations or best small outdoor Christmas tree divisions are urged to notify the judges as it is impossible for the committee to cover the entire city and not overlook some of the small displays," Dr. Fromm explained.

Holiday lighting presents unlimited opportunities for exercising imagination and ingenu-

ity. The East Texas oil field, 10 years old, has produced one-sixteenth of all the oil sold in the United States in the past 80 years.

Officials point out, adding that strings of sparkling, colorful lights may be used to outline doors and windows, eaves and porches, railings, fences and flower boxes.

"Strings of lights may be woven into patterns such as stars or symbolic designs which may be placed in strategic locations on the exterior of the house," Dr. Fromm said.

Queen's Bench Birthday Party Set in Atherton

ATHERTON — Setting for the 20th birthday celebration of Queen's Bench on Dec. 19 will be the home of Mrs. Harriet Tyler in Atherton. The annual Christmas dinner will also be held on this occasion.

Among the numerous well-known women lawyers expected to attend will be eight of the founders, all of whom are still practicing law in the Bay Re-

gion. They are the Hon. Theresa Meikle, Mrs. Tyler, Ann Glover Verney, Miss Helen Kaufman, Miss Esther Phillips, Miss Eloise Cushing, Miss Enid Childs and Miss Geraldine McCown.

According to Pres. Mathilde Lacau, Santa Claus will appear during the evening to distribute gifts to the members.

Miss Carmel Hallmeyer and Miss Anne McDonald are chairmen of arrangements.

Outdoor Yule Picture Contest Launched

Outdoor Christmas Tree Association of California, launching its 14th annual campaign for outdoor Yule decorations, has announced a contest for amateur photographers.

Seven cash awards ranging from \$2.50 to \$15 are offered. Photos taken outdoors only, primarily from a sidewalk or street, must be submitted to the association's San Francisco office, 1355 Market St., by Jan. 10, 1941.

Reverse side of the photo must contain name and address of the amateur photographer plus the

highways this Yule season. street address and California community pictured. Expecting to have 150,000 illuminated living trees at Christmas, the association hopes to turn the state into a scintillating outdoor garden with the turning on of lights or trees in front of residences, in public parks, streets, county

Willie Heston, the famous Michigan halfback in 1901-'04, played in 44 college games, scored over 100 touchdowns, and never tasted defeat.

Former Flying Cadets May Win Commissions

SAN FRANCISCO—The army is offering to eligible former flying cadets and certain civilians who meet the requirements a course in training to qualify as air corps ground duty officers in the field of engineering, according to Col. G. T. Perkins, district recruiting officer.

The pay and allowances for cadets undergoing this training will be the same as for those receiving pilot training and upon completion of the course, requiring about nine months, the cadet is eligible for commission as a 2nd lieutenant, air reserve.

Recruiting offices are located

Burning Rubbish, Car Cause Fire Alarms

Redwood City Fire Department received two calls Tuesday night a few minutes apart. The first call sent them to the rear of the J. C. Penney Co. store where they found an autoist had left his motor running, causing the car interior to steam up. The second call was to extinguish a fire in a rubbish can at 2632 Broadway.

Enrollment in colleges and universities in the United States this fall was about 4 per cent less than in 1939.

in San Francisco, Oakland and San Jose.

Play Profits Given Chest

Net proceeds—a little more than \$100—from the production "You Can't Take It With You" presented last Friday and Saturday nights by the Redwood City Community Players, will be given to the Community Chest, Miss Mary Lee Huckabee, publicity chairman, announced today.

Members of the players group expressed satisfaction with the financial outcome of the production and gratification at aid received from various organizations and individuals.

FBI 'Knows Nothing' Of Gun Committee

John Edgar Hoover, head of the FBI, knows nothing about the American Committee for Defense of British Homes.

He so informed C. W. Eltringham, Redwood City clerk, here in a letter replying to a query for the city council.

The council a month ago received a letter from the committee asking for donations of 25 or more weapons so residents of hamlets on the British Isles might defend themselves from "parachute troops" landing behind the lines.

The council asked Eltringham to write Hoover about the matter before deciding whether to give weapons confiscated by the police department to the committee.

WPA CHECKS COMING EARLY

SAN FRANCISCO—Pre-holiday pay checks totaling nearly \$1,300,000 will be mailed to approximately 44,000 Northern California WPA workers in time for Yuletide shopping purposes, Northern California Work Projects Administrator William R. Lawson announced today.
